Job-Beschreibung

Level up!

Nintendo aims to deliver unique, intuitive entertainment experiences for everyone, manufacturing and marketing video game devices such as the Nintendo Switch™ family of systems, developing and operating applications for smart devices, and collaborating with partners on a range of other entertainment initiatives like visual content and theme parks.

At Nintendo, we bring together employees with a wide range of characteristics and work together towards a common goal – to put smiles on the faces of people all over the world.

Tasks

Games-Career.com ist ein Angebot von:

Quinke Networks GmbH
Bei den Mühlen 70
D-20457 Hamburg

- Identifying, assessing and managing risk exposures and risk response measures of Nintendo European entities
- Developing and implementing contingency plans to manage business interruptions, unexpected market events and other emergencies
- Supporting the development, implementation and continuous improvement of the Enterprise Risk Management system including identification of appropriate risk assessment models and methodologies
- Gathering an compilation of risk-related data from the business and external resources
- Conducting recurring risk interviews at the European headquarters as well as traveling to local markets offices to conduct onsite interviews
- Supporting self-assessments of the internal control system in line with J-SOX requirements
- Supporting and managing projects related to risk and control topics

Requirements

- University or equivalent degree in Business Administration, Risk Management, Business Mathematics or Business Psychology or comparable qualification
- Initial professional experience in operational risk management
- Well-structured and process-oriented thinking and proactive, hands-on mentality
- Strong team orientation and high social competence
- Full proficiency in German and English, other languages would be a plus
- Willingness to relocate to greater Frankfurt area
