Job description

Become a Backend Developer (f/m/d) at Bright Future Studio in our Rail Nation Team. Build innovative, player-focused games that will fulfill our players' dreams.

At Bright Future Studio, we love and breathe games. We strive to make the best experiences for players like ourselves. We measure our success by how fast we learn and grow. We value the opinions and ideas of everyone within the team no matter the role or experience level. We foster creativity and adaptability and don't mind starting over.

As a member of our development team, you will play a key role in conceiving, designing, and implementing new features for our games. Your creativity and technical expertise will contribute to keeping our games constantly innovative and entertaining. You will collaborate closely with our design team to seamlessly integrate technical requirements into the design vision and provide insights to optimize the player experience. Additionally, you will be responsible for modernizing and maintaining our existing systems to ensure their performance and stability. Your involvement in advancing our technology stacks and close teamwork will help us achieve our project goals and success together.

- You are responsible for developing and maintaining game applications using PHP, MySQL, and JavaScript
- You develop and manage game applications in Docker/Kubernetes environments
- You troubleshoot and optimize existing game applications
- You assist in planning and implementing new projects

Skills:

- You are experienced in programming with PHP, MySQL, and JavaScript
- You have basic knowledge of Docker and Kubernetes
- You have knowledge of C# and .NET Core
- You have a passion for video games and an interest in the gaming industry
- You excel in teamwork and have the ability to work in a creative environment
- You possess good communication skills in English

WHAT WE OFFER YOU:

- Make an impact: At Travian Games every opinion is valued. Interesting tasks and exciting projects are waiting for you. Express your opinions freely and benefit from our culture that encourages open communication, ensures respectful treatment, and supports solution-oriented thinking.
- Modern and welcoming office: Use the opportunity to enjoy our modern and attractive office in Munich/Cologne! Treat yourself with free healthy fruits and snacks, celebrate our pizza Mondays together or spend your breaks connecting with your colleagues over a table soccer match.
- Flexible working hours: Outside our core hours (10 am - 4:30 pm) you decide how to organize your work without crunch time.
- Flexible vacation days: You get 30 days of vacation. And here comes more! When you see by the end of the year that you need more time off to go skiing – you can take up to 5 more vacation days unpaid. On the other hand, if you prefer fewer days but more money, get up to 5 vacation days paid out.
- Health and well-being: We partner with the wellness network, where you can choose

from 6000 partners in the sports and gym network throughout Germany. If you pick this as your subsidy option, we'll pay a huge chunk of the costs. ☐ We also have an excellent bike leasing scheme, so you can get a bike of your choice.

- Work abroad: ☐ Want to surf at sunrise and work from your beach apartment? No problem! We offer the opportunity to work abroad designated number of days in up to 50 countries. Just make sure you've got a stable internet connection!
- Hybrid work: ☐ Benefit from our hybrid work policy that provides a mixture of in-office and remote work. There are four mandatory on-site company events per year, where we work together on self-defined projects and, most importantly, celebrate our successes!
- Personal development: ☐ We want to develop great people just as much as great games. Benefit from our in-house and external trainings to develop yourself personally and professionally. We also subsidize online language classes in German, English, French, or Spanish.
- Public transport support: ☐ We offer support using public transport throughout Germany. You can choose the "Deutschlandticket" as one of three subsidies or get an advantage via salary conversion for public transport tickets (pay ticket from gross instead of net and save on taxes). ☐
- Choose your hardware: ☐ Mac or Windows? We've definitely got what you need and respect your choice to help you excel in your craft!
