### Job description

#### Level up!

Nintendo aims to deliver unique, intuitive entertainment experiences for everyone, manufacturing and marketing video game devices such as the Nintendo Switch™ family of systems, developing and operating applications for smart devices, and collaborating with partners on a range of other entertainment initiatives like visual content and theme parks.

At Nintendo, we bring together employees with a wide range of characteristics and work together towards a common goal – to put smiles on the faces of people all over the world.

#### Tasks

Games-Career.com is a service provided by:

- Planning, monitoring and controlling software localisation projects to ensure all projects are delivered on time, within budget and at the desired level of quality
- Managing and distributing project-related information
- Resolving issues related to assigned projects
- Guiding international project teams (internal and external)
- Negotiating with all project stakeholders to represent Nintendo's interest

## Requirements

- Education or graduate degree in the localisation and/or project management field or several years of work experience in the respective area
- Project management experience and budget handling knowledge
- Very good Japanese and English language skills
- Excellent communication skills
- Analytical thinking with a process-oriented mindset and decision-making as key competences
- Experience in leading a team
- A proactive and positive attitude with eagerness for learning
- Strong work ethic; commitment to and passion for the role

Please bear in mind that it might be an Associate position depending on your professional experience.

Are you interested? We look forward to receiving your application, including your earliest possible starting date and salary expectation.
