### Job description

Join us as a Full Stack Web Software Engineer and play a key role in enhancing our landing pages that engage players with our games. We are seeking someone passionate about crafting exceptional login and registration experiences for our users. You will collaborate with a dedicated and skilled agile engineering team, comprising both backend and frontend engineers, to tackle upcoming challenges.

#### Your mission

- **Improve.** Elevate our landing page services by applying your expertise in software craftsmanship and writing high-quality code.
- **Be agile.** Actively contribute as a productive member of an agile development team throughout all stages of the development lifecycle.
- **Collaborate.** Partner closely with our marketing, UI/UX, product management, and system operations teams to design and implement new features that enhance our landing pages and related systems.

#### Your skill set

- **Professional experience.** You have accumulated several years of professional experience in Full Stack Software Development with web technologies. You are enthusiastic about implementing designs from the web UI down to the final SQL query.
- **Frontend expertise.** You design dynamic and responsive user interfaces with a passion for [React.js](#), JavaScript, HTML, and CSS. You create engaging user experiences by building reusable UI components and managing application architecture.

Games-Career.com is a service provided by:

You ensure cross-browser compatibility and performance optimization, bringing ideas to life that delight our players.

- **Backend expertise.** You develop scalable RESTful APIs using Spring Boot with Java or Kotlin, relishing the challenge of building robust solutions. You integrate backend services with PostgreSQL databases to ensure seamless connectivity, supporting the vibrant frontend experiences you create.
- **Continuous Improvement:** You are keen on enhancing your technical and interpersonal skills through participation in training sessions. You value feedback, both giving and receiving, to foster personal growth.
- **Quality-oriented mindset.** You apply various methods in software design and automated testing to ensure code quality meets company standards.
- **Team player with English as a company language.** You are a proactive communicator, comfortable working in an English-speaking environment, and you embrace our company culture and values.

## Your power-ups

- **Career opportunities.** Level up with excellent training and development opportunities, such as e-learning, hard- or soft-skill trainings from our InnoVersity or industry conferences.
- **Outstanding benefits.** Get 28 vacation days, a sabbatical, mobile device, contribution to your public transport ticket, and more.
- **Flexible working hours.** We offer trust-based working hours as well as active breaks - play table tennis with your team, work out in our gym or go to our rooftop terrace to get some fresh air.
- **Hybrid Working Model.** We offer our colleagues the flexibility to choose between working from home and our modern offices in central Hamburg. With regular times planned together at the office during our [Office Days](#), we keep up our unique InnoGames spirit!
- **Compensation & Fair Play.** We have career models as well as market-competitive salary grids in place that ensure that we treat our employees fairly. For a regular level position, the salary range starts at € 58,000,- gross and for a senior level position at € 75,000,- gross. Your seniority level (junior, regular, senior) will be evaluated during the interview process.
- **Team of specialists.** Be part of a stable, growing, and award-winning global company. Meet your future colleagues in [Development & IT](#).
- **Team events.** Participate in regular team events (e.g., wine tasting, cooking, paintball), barbecue together on our rooftop terrace, and enjoy regular company-get-togethers.
- **Relocation assistance.** If you are interested in relocating to Hamburg, we will help you relocate to Hamburg regarding all the needed resources.

InnoGames is one of the leading German developers and publishers of mobile and browser games and a certified Great Place to Work®. The climate-neutral company based in Hamburg was founded in 2007 and is now part of Modern Times Group (MTG). Together with 350+ employees from over 40 nations, the company founders develop unique games that provide many years of fun for millions of players around the world. InnoGames is best known for Forge of Empires, Elvenar and Tribal Wars, but the company is continually expanding its now 10-game portfolio across platforms and genres. Most recently, InnoGames launched Heroes
