□

As a passionate gamer myself, I have had the opportunity to specialise in the games industry during my studies. Through my past employments, I also learned how to communicate effectively with the diverse gaming demographic. Of course, I also dedicate a lot of time outside of my professional life to games as a hobby. I put a lot of work into helping out my communities, be it through organising and leading events, writing up content such as newsletters and reviews, or even participate in a large scale localisation project with a new player in the industry - Anvil Games Studios.

□

Feel free to contact me via email or phone, I look forward to hearing from you personally and get a chance to introduce myself properly!

□

With best regards,

□

Nico
